

I am writing to ensure that KLOVE will continue to be heard in our area. Living in a small town area (large cities are over 5 hours away), quality Christian radio is hard to find. KLOVE brings us top quality Christian music to our small town. If an LPFM broadcaster were to displace KLOVE, it would take away our only current top quality Christian music. We have no other FM Christian station. Christian radio provides the public with a very safe place to listen, no dirty jokes or bad lyrics.
